

Looking for a job?

With SimpleXX to your dream job - your path to success!

Electrician - Final Assembly Line (f/m/d) for Aviation

Start as an Electrician - Final Assembly Line with us into a joint and successful future. As a specialist and personnel supplier for the aerospace industry for decades and in partnership with renowned companies in the aviation industry as well as aviation pioneers, SimpleXX GmbH is looking for an Electrician - Final Assembly Line for the Weßling site at the next possible date within the framework of temporary employment with a takeover option. You will cooperate in an autonomous team of mechanics, electricians and electronic technicians, and will be responsible for safety, on-time delivery and quality in all phases of the final assembly process. Working for our client as an aviation company, you can expect challenging activities in an innovative working environment that is future-proof and offers you excellent career opportunities. Do you have a high level of self-motivation and the corresponding commitment? Does this appeal to you? Then apply for our job offer today. We look forward to receiving your application!

The following tasks await you:

- Cooperate in an autonomous team of mechanics, electricians and electronic technicians
- Responsibility for safety, on-time delivery and quality in all phases of the final assembly process
- Assembling electrical wiring systems, including performing grounding tests and identifying and correcting faults
- Operating a variety of hand tools, power tools, diagnostic and measuring equipment (including DMMs and oscilloscopes)
- Assembling/modifying and commissioning equipment, tools and fixtures
- Monitoring inventory of parts, tools, and equipment
- Maintaining manufacturing data for the production system
- Collaborate with manufacturing engineering to improve processes, equipment and tooling, and repair solutions

Your profile:

- Completed training as an electronics technician / electrician or comparable qualification
- Several years of experience in a similar position within the aerospace industry
- Experience with harness/ wiring assembly is required
- Experience in safe handling of medium and high voltage equipment up to 1 kV
- Must be able to comprehend written and verbal English instructions.
- Willingness to work shifts (2-shift operation / early and late shift)
- **Working on-site** (remote work possible) **and submission of English resume required**
