

## Looking for a job?

*Catch it with SimpleXX – The simple way!*

## DevOps Engineer (f/m/d)

Start today as a DevOps Engineer for a brighter future. We are looking for a suitable candidate to support one of our clients in Halle in Backend Developing. Your tasks are, but are not limited to, supporting the development team in building a fast and reliable CI/CD pipeline. Experience in software development using JavaScript and/or Node.js is a plus but not a must. Our client specializes in the technical implementation of video content. This includes streaming live TV and video-on-demand solutions. For this purpose, a separate platform/ application is developed to handle all metadata, licenses, workflows, etc. Demanding jobs await you in an innovative and international work environment. Do you have high self-motivation and commitment? Then apply today for our job offer!

### Your responsibilities:

- Improve our client's systems-landscape by simplification and automatization
- Work together with our operations and the engineering team to understand and improve processes and systems (e.g. security, scalability, availability) and increase customer satisfaction
- Take part in the application architecture and design process and have a large effect on the quality goals of the software
- Support the team in analyzing issues on the production and staging system and providing post mortem analysis
- Establish and maintain the documentation (e.g. emergency and operation manual)

### What we are looking for:

- 2-3 years of experience as administrator or DevOps-Engineer (Linux, Kubernetes or Docker)
- Experience in designing, developing and operating B2B Software Products
- Knowledge in the field of "Infrastructure as Code" (preferably Terraform)
- Ability to setup and maintain a deploy pipeline
- Knowledge of the mayor IT compliance goals (e.g. SLA, Security)
- Fluent English language skills both written and verbal is required

**Location:** Halle

**Start Date:** ASAP or upon agreement

Please send your application documents (CV, Certificates, Salary Expectations) referring to **DevOps Engineer (f/m/d) Halle** to [bewerben@go-simplexx.de](mailto:bewerben@go-simplexx.de)
