

Looking for a job?

Catch it with SimpleXX – The simple way!

Head of (f/m/d) Product Analytics

Start today as the Head of Product Analytics for a brighter future. We are looking for a suitable candidate to support one of our clients in Nuremberg. Your tasks are, but are not limited to, taking the lead in initiating new analytical projects as well as empowering the Product organization to make better data-informed decisions overall. With over 9,000 employees, our client is one of the world's largest providers in its sector and the market leader in Germany and in the Top 5 worldwide. Demanding jobs await you in an innovative and international work environment. Do you have high self-motivation and commitment? Then apply today for our job offer!

Your responsibilities:

- Build, lead and mentor a high-performing team of analysts and managers
- Make sure data analytics are incorporated into product decisions in a high impact way and that the team identifies relevant data sources so that finally actionable recommendations can be delivered
- Partner closely with Product, Engineering and Design leadership to understand the role of Data and how we can drive impact throughout the product development process
- Work closely with leadership to answer important questions about our customers, our products and the business
- Create frameworks to analyze the performance of our products and influence change by presenting product insights and recommendations within the organization

What we are looking for:

- 5+ years of experience in Analytics role with some years leading individual contributors (eg leading and growing a high-performing Product Analytics team)
- A proven track record of using quantitative analysis to impact key decisions
- Ability to communicate effectively with managers and executives
- Nuanced understanding of diverse and inclusive hiring practices
- Degree in quantitative field such as Mathematics, Economics, Computer Science etc.
- Understanding of statistical analysis, experience with packages, such as R, MATLAB, etc.

Location: Nuremberg

Start Date: ASAP or upon agreement
